Projects

Personal Website V3 [Front-End]

A portfolio website that was designed using Figma and built to display my projects.

Vite | HTML5 | CSS3 (SASS) | JavaScript
github.com/LucasWinkler/personal-site-v3
www.lucaswinkler.dev

Turbo Games [Full-Stack]

A mock game store that features authentication, game purchases, game reviews, friends and an admin dashboard.

ASP.NET Core 2 | Bootstrap | MS SQL Server | xUnit | Selenium
github.com/LucasWinkler/TurboGames

rankguess [Full-Stack]

An open-source web game where users can guess the rank of user submitted gameplay footage from their favourite games daily.

Next.js (React) | Next-Auth | Tailwind CSS | Prisma | YouTube API | PostgreSQL
github.com/LucasWinkler/rankguess
www.rankguess.com

Education

Computer Programmer/Analyst – Conestoga College

[2017 – 2020] [3 Year Advanced Diploma]

Unrelated Work Experience

Crew Member – Wendy's | Quicker Foods Inc.

[March 2017 – November 2021] [Cambridge, Ontario]

Working as a Crew Member at Wendy's has required me to prioritize customers and food quality while still being able to finish my cleaning tasks by the end of the shift. I learned a lot about time management, working as a team and working efficiently in a fast-paced environment.

Technical Skills

Languages

HTML5 | CSS3 | SASS (SCSS) | JavaScript (ES6) | TypeScript | JSX | C#

Libraries, Frameworks and Related

React.js | Next.js | Vite.js | Tailwind CSS | Styled Components | ASP.NET (Core & Framework) | jQuery
